Aaron Puiszis, CPA

Finance transformation | Global tax operations, reporting and enterprise data

Houston, TX • linkedin.com/in/puiszis

EY Partner and Industrials & Energy Tax Technology Leader with 15+ years at the firm. Builds and operates compliance and reporting functions for multinational clients. Sets tax technology and data strategy, defines implementation roadmaps and guides investment decisions for global energy and technology accounts.

Selected transformation work

Process redesign. Led system implementations and automated tasks that shortened the time needed to complete a compliance process.

Global delivery. Lead global teams that deliver compliance services across multiple clients. Oversee tax operations, technology and annual filings.

Enterprise systems. Represent tax on SAP S/4HANA steering and governance committees. Work with client finance, IT and data engineering teams to integrate tax requirements into enterprise platforms. Designed data lakes that make multinational tax data traceable for reporting and analysis.

Professional experience

Ernst & Young LLP (EY) — Houston, TX and Tulsa, OK

Partner, Tax Technology & Transformation — 2023–present

Industrials & Energy Tax Technology Leader

Designed and implemented AI solutions to automate filing processes across income, indirect and property tax and transfer pricing. Served as lead developer and tax specialist on fixed asset, indirect tax and transaction modeling solutions for energy and real estate clients.

Senior Manager, Global Compliance & Reporting and Tax Technology & Transformation — 2017–2023

Managed oil and gas engagements, including income tax provision preparation and review for SEC filers and private companies. Partnered with private equity firms on financial reporting and due diligence. Trained, coached and supervised staff.

Senior / Manager, Global Compliance & Reporting — 2011–2017

Built a database to track tax depletion for assets involved in sales. Analyzed SAP and Oracle general ledger and fixed asset data, modeled tax shields and projected taxable income for publicly traded partnerships.

Education and professional credentials

University of Oklahoma · Master of Accountancy and BBA in Economics, 2010. Certified Public Accountant in Texas and Oklahoma. Member, American Institute of Certified Public Accountants.

Engineering and teaching

Built Honest Ledger to score golf rounds, Spectrum News to compare coverage, and Document Wizard to trace invoice and spreadsheet values to source pages or cells. Guest lecturer on emerging technologies in accounting at the University of Houston, Texas A&M University and the University of Oklahoma.
